

Sustainable Natural Fibres

GLOBAL CONFERENCE

EVENT OVERVIEW

Sustainable Natural Fibres GLOBAL CONFERENCE

11-12 April 2024

JINHAI LAKE INTERNATIONAL CONVENTION CENTRE
PINGGU DISTRICT OF BEIJING, CHINA

Building a sustainable future

The **Sustainable Natural Fibre (SNF) Global Conference**

is an international event aimed at advancing sustainability and responsible practices within the natural fibres and fashion textile sector, covering animal fibres, down, silk, and other ethically sourced materials.

It serves as a learning platform for all stakeholders engaged in the industry supply chains, from herders and growers to manufacturers and international brands, as well as research and academic institutions, government bodies, private sector bodies and NGOs.

By fostering a collaborative environment, the event allows participants to come together, exchange ideas and cultivate synergistic relationships to raise awareness and promote climate action.

Experience the event

The global gathering will unite stakeholders from the natural fibres, fashion and retail sectors, including:

Growers & Herders

Standards & Certification Bodies

Associations

Processors & Manufacturers

Brands & Retailers

NGOs

Brokers & Exporters

Designers

Consultants

Media

Academia

Government

Be informed, inspired and empowered

The conference will feature plenary sessions, interactive workshops, and invaluable networking opportunities.

High-profile speakers and experts will provide insights on emerging trends, present-day challenges, and strategic approaches to safeguard communities involved in natural fibre production. Discussions will highlight successful case studies and facilitate meaningful conversations on creating a more sustainable future. Topics to be addressed include:

- **Climate change impact on herders, farmers and growers**
- **Sustainability trends in natural fibre and fashion industry**
- **Global brands and local enterprises collaboration for sustainability**
- **Regenerative agriculture**
- **Animal welfare considerations**
- **Innovative supply chain tools and technologies**
- **Green finance opportunities**

If you would like to share your expertise and speak at our event, please contact us at ADMIN@NATURALFIBRECONNECT.COM.

Sustainable fashion showcase

As part of the two-day event, the conference will host a global fashion competition as well as a showcase for emerging designers specialising in the use of natural fibres. Design creations will be exhibited at the conference venue, while a fashion show for a new generation of talented designers will take place at the U-town Shopping Centre.

Participants will have the opportunity to witness progressive fashion crafted by up-and-coming designers, skilfully blending creative concepts with a commitment to sustainability.

Contact us for information about how to enter the fashion competition and showcase.

Promoting responsible brands

The conference will offer an interactive platform of pop-up stores, displays and product launches, enabling responsible brands and retailers to present their eco-friendly collections.

The activities will take place at the U-town Shopping Centre, a modern complex with international allure, premium stores, upscale cinemas, and diverse dining choices.

The emphasis is on the connection between style, commerce, and sustainability, integrating sustainable practices into the core of fashion and retail.

To learn more about how to participate in pop-up stores, fashion displays, and product launches, please contact us at ADMIN@NATURALFIBRECONNECT.COM.

China emerges as the ideal location to host the SNF Global Conference

As the world's largest producer and exporter of textile raw materials, China possesses unparalleled expertise in natural fibres and holds significant influence in the global textile industry.

By embracing eco-friendly manufacturing practices and technological innovations, China can serve as a catalyst for inspiring global efforts towards sustainability.

The country's dynamic fashion industry and rapidly growing consumer market create an ideal environment for advocating sustainable choices. As Chinese consumers increasingly prioritise environmental considerations, China has the potential to spearhead worldwide trends towards greener fashion alternatives.

WELCOME TO THE PINGGU DISTRICT OF BEIJING!

Join us in Beijing

The Pinggu District in Beijing offers a blend of natural beauty and culture. Nestled among stunning landscapes, Pinggu offers picturesque views of Jinhai Lake and hosts the International Peach Blossom Festival every year in April.

In addition to its natural attractions, Beijing's cultural richness is reflected in its iconic landmarks such as the Forbidden City, the Temple of Heaven, and the Great Wall of China.

The city also boasts a vibrant culinary scene, bustling markets, dynamic arts and entertainment, and a thriving fashion and retail hub that blends traditional craftsmanship with contemporary style.

Prepare for your journey

To ensure a smooth and efficient journey to Beijing, we recommend securing your travel arrangements well in advance.

For air travel, your destination will be one of the three major airports: Beijing Capital International Airport, Beijing Daxing International Airport, or Beijing Nanyuan Airport.

For those travelling by high-speed train, the nearest station to the Jinhai Lake International Convention Centre is Yanjiao Railway Station.

It is important to note that entry into China may require a valid visa. To obtain comprehensive information regarding visa requirements and application procedures, we suggest reaching out to the Chinese embassy or consulate in your country of residence.

Enjoy your stay

The **SNF Global Conference** will take place at the Jinhai Lake International Convention Centre, situated in the scenic Pinggu District of Beijing. The design of the complex is inspired by its unique surroundings, including mountains, valleys, and residences integrated into the natural rock formations.

For accommodations in close proximity to the conference venue, there are several hotels that offer exceptional amenities and services. To explore and secure suitable accommodations, we recommend consulting popular online travel resources. These platforms can provide comprehensive details, ensuring participants can find an ideal place to stay.
